Introduction

From the Configuration > Images section of Admin Panel you can set up sizes for all the image used in the web-store.

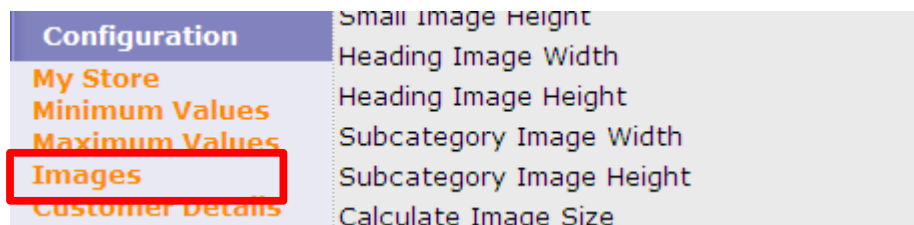

Updating Small Image Width

"Small Image Width & Height" are image sizes of the product thumbnails displayed on product listing.

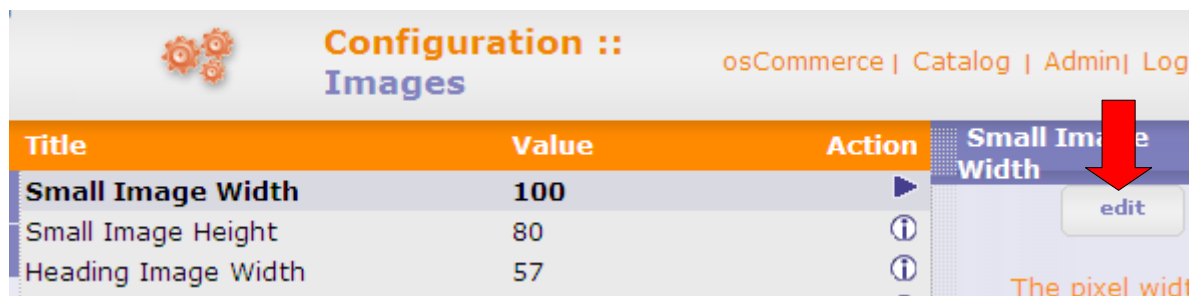

1. Go to the Admin Panel and click the **Configuration** link.

2. Select the **Images** item.

3. Since the **Small Image Width** item is highlighted, click the **Edit** button on the right.

- In the field, specify the pixel width of small images.

Small Image Width
The pixel width of small images

- Click the **Update** button.

Updating Small Image Height

- From the Admin Panel click the **Configuration** link and select the **Images** item.
- Select the **Small Image Height** item in the list and click the **Edit** button.

Title	Value	Action
Small Image Width	100	i
Small Image Height	80	▶
Heading Image Width	57	i

osCommerce | Catalog | Admin | Log

Small Image Height [edit](#)

The pixel hei

- In the field, specify the pixel height of small images.

Small Image Height
The pixel height of small images

- Click the **Update** button.

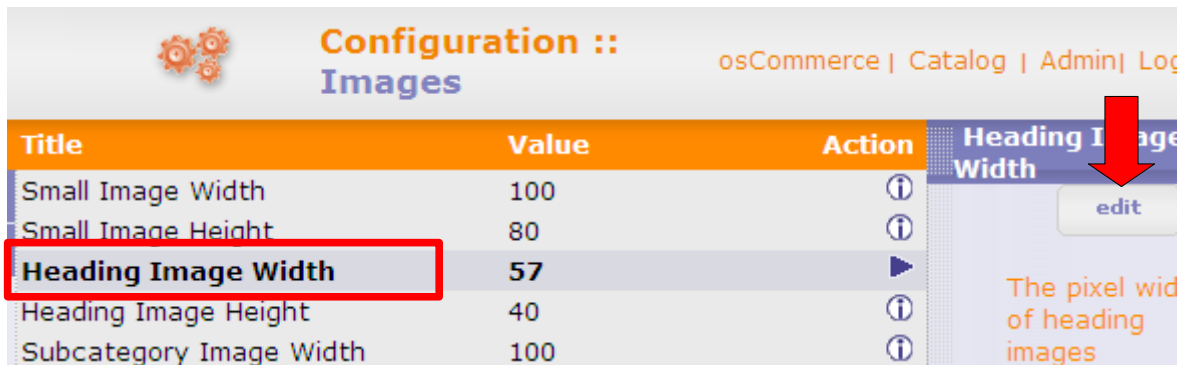

Small images are displayed on product listings, for example:

	<p>Model: DSC-H2</p> <p>£800.00</p> <p>Manufacturer: Sony</p> <p>Quantity: 11</p> <p>Weight: 1.00</p>		<p>Model: E323</p> <p>£150.00</p> <p>Manufacturer: Kodak</p> <p>Quantity: 12</p> <p>Weight: 1.00</p>
