Introduction

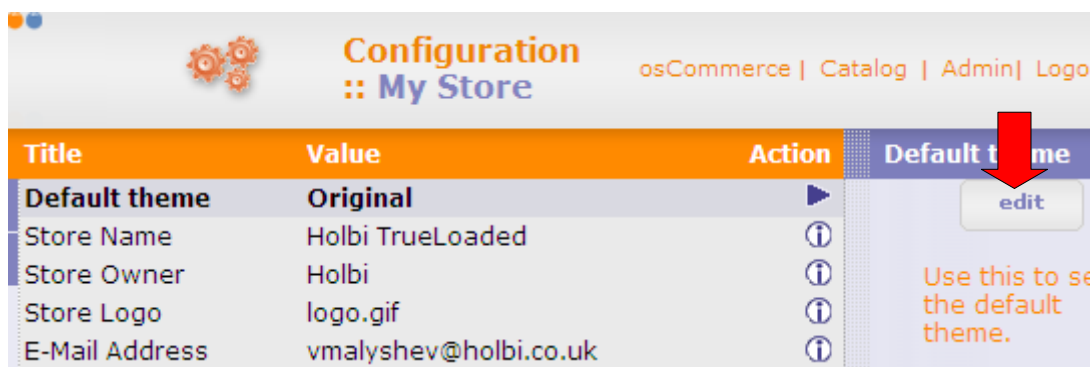

The **My Store** module allows changing general information values of the online store and its owner.

Updating Default Theme

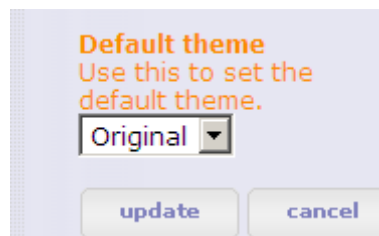

1. Go to Admin Panel (backend) of the web-store and click the **Configuration** link.

2. The **My Store** screen is open automatically.
3. Since the **Default Theme** item is highlighted in the list, click the **Edit** button on the right.

4. Select a theme in the drop-down list and click the **Update** button. The default theme is "Original".

(See the "**Design Controls: Template Management**" document for additional information on how to create a Default Theme)

Updating Store Name and Store Owner

1. From the Admin Panel click the **Configuration** link. The **My Store** screen is open automatically.
2. Select the **Store Name** item in the list and click the **Edit** button on the right.

Title	Value	Action	Store Name
Default theme	Original	(i)	
Store Name	Holbi TrueLoaded	▶	edit
Store Owner	Holbi	(i)	The name of store
Store Logo	logo.gif	(i)	

3. In the field, specify the name of your store and click the **Update** button.

Store Name

Updating Store Logo

1. From the Admin Panel click the **Configuration** link. The **My Store** screen is open automatically.
2. Select the **Store Logo** in the list and click the **Edit** button on the right.

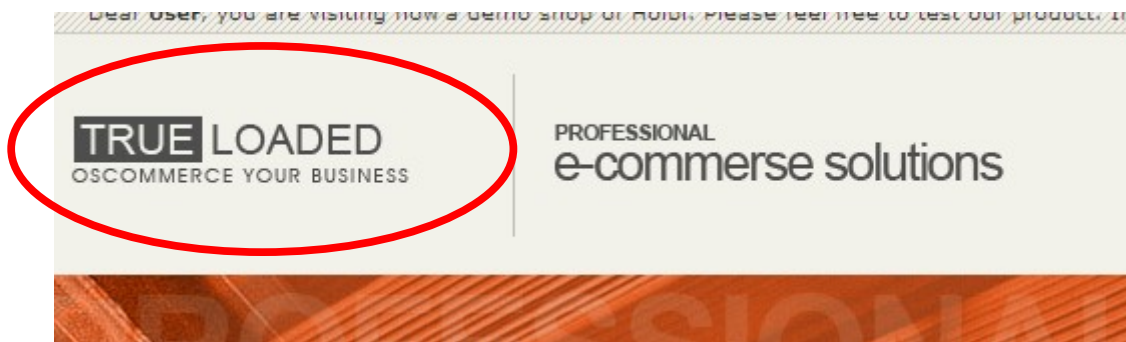

Title	Value	Action	Store Logo
Default theme	Original	(i)	
Store Name	Holbi TrueLoaded	(i)	
Store Owner	Holbi	(i)	
Store Logo	logo.gif	▶	edit
E-Mail Address	vmalyshev@holbi.co.uk	(i)	

3. In the field, specify a name of the GIF file stored on your server in the images/ folder. For example, *logo.gif*.

Store Logo
This is the logo for my store

4. Click the **Update** button. The website logo will be displayed in the left corner of the page header on the frontend.

Remember:

The logo GIF file should be stored on your server, in the Images folder. Otherwise, the logo is not displayed on the web-site.

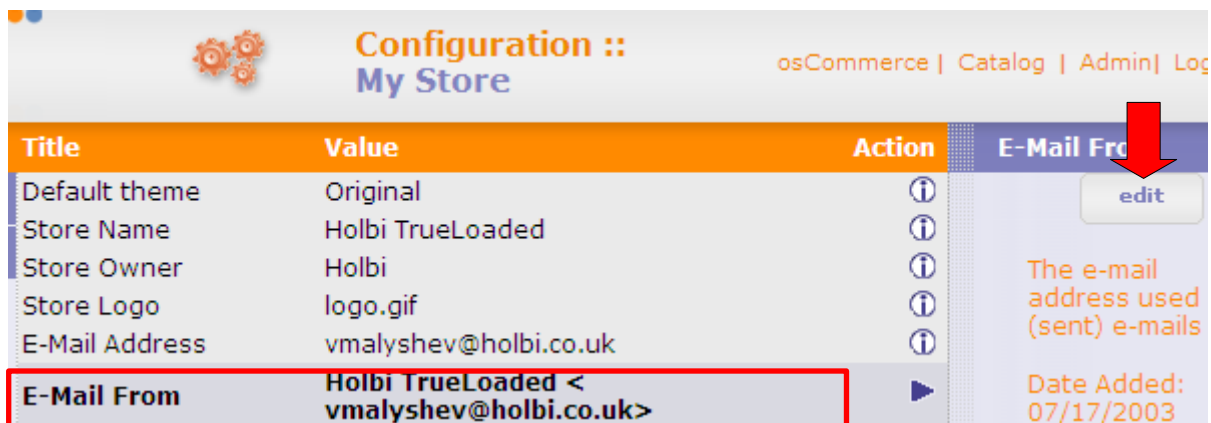

Updating E-Mail Address

This is the web-store's general email address used for receiving emails. This will be the destination for any emails sent through the website, such as a customer's feedback or order notification email sent by the system. This should be a SINGLE email address. Update the **E-Mail Address** item from the My Store page of Configuration section.

Updating E-Mail From

This is an email address displayed in the "From" field of any email that is sent from the website. It can be the same address as the webshop general 'E-Mail Address'. This should be a SINGLE email address. Update the **E-Mail From** item from the My Store page of Configuration section.

Updating Country

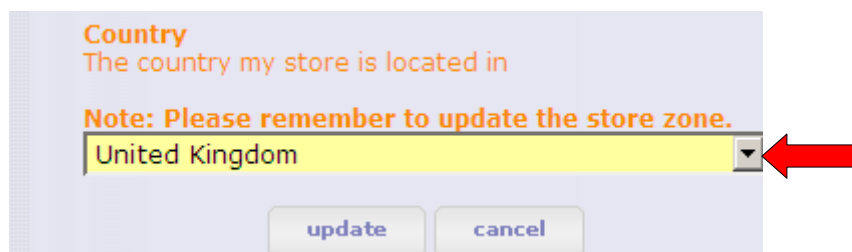

1. From the **My Store** screen of Configuration section select the **Country** item in the list and click the **Edit** button on the right.

The screenshot shows the 'Configuration :: My Store' interface. It features a table with columns for 'Title', 'Value', 'Action', and 'Country'. The 'Country' row is highlighted with a red box, and a red arrow points to the 'edit' button on the right. The table contains the following data:

Title	Value	Action	Country
Default theme	Original	(i)	
Store Name	Holbi TrueLoaded	(i)

E-Mail From	Holbi TrueLoaded <vmalyshev@holbi.co.uk>	(i)	
Country	United Kingdom	(i)	
Zone		(i)	

2. In the drop-down list, select a country of your webshop location.

The screenshot shows a dialog box for updating the country. It contains the following text:

Country
The country my store is located in

Note: Please remember to update the store zone.

United Kingdom

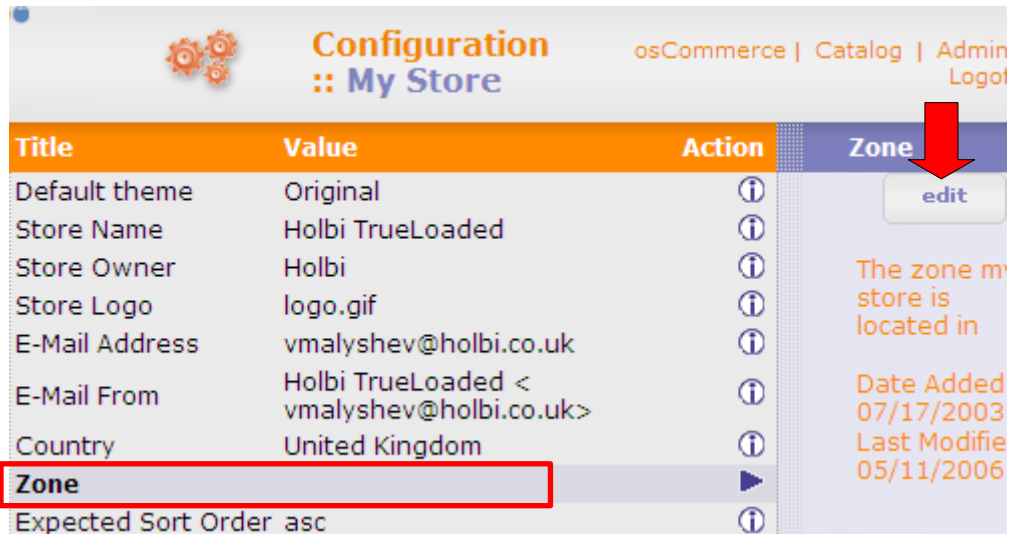

update cancel

3. Click the **Update** button.

Note: If you change the country, please do not forget to update the store zone.

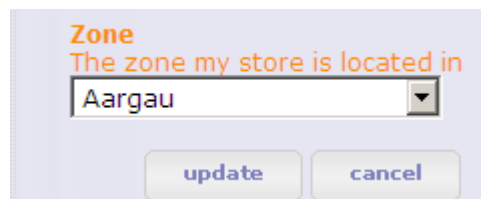

Updating Zone

1. From the **My Store** screen of Configuration section select the **Zone** item in the list and click the **Edit** button.

Date Added: 07/17/2003
Last Modified: 08/22/2006

- Select the **True** button to activate automatic switching to the currency of default language. The prices will be displayed in currency according to the language selected at the moment. For example, if a user switches to the German language on frontend, all the prices will be displayed in EUR. When the user switches from German to English, the currency will change too, and all the prices will be displayed in USD.
- If you select the **False** button here, the recently used currency will be displayed on the website regardless of the language chosen.
